

Perfect Love International

ABOUT US

Perfect Love International (PLI) was established in July, 2009 with a mission of; 'equipping and empowering individuals; especially the youth through the development, hosting and promotion of programs that encourage and foster Love'. The vision of PLI is to; 'equip and develop young people for life, love and leadership'.

Perfect Love International was born out of a desire to make our communities better through love. To achieve this objective, young people from age ten (10) years and above are targeted for the transformational events and programmes. PLI is highly committed to its course. Thus, several events and outreach programs have been successfully organized and well attended by the target group so far. These activities are 'Youth Rally', 'A love Story', 'Transformation' and 'Cutting Edge Leadership'.

An elaboration on the framework and various activities have been attached as 'appendices'.

CUTTING EDGE LEADERSHIP CAMP (CELC)

This program is organised to bring young people (prefects, club and denominational executives from the second cycle institutions together for a leadership and disciplinary training. We believe that the success of every community, region and nation depends on leadership. The program is aimed at:

1. Helping them to understand, recognise and promote the right leadership qualities in themselves and others.
2. Influential leadership, that is potentially to help them influence their friends positively
3. Servant leadership
4. Spot and develop the next class of high-potential leaders within the society in terms of effective succession planning
5. To help them build personal disciplinary life.

- It has average participants 500 students
